

Learn, Play, Grow with St. John the Baptist Early Education Program

The virtue-based early childhood program at St. John the Baptist Catholic Church & School provides 3-year old and 4-year old students a strong Christian and academic foundation for all future learning. We foster, through hands-on experiences and intentional play-based curriculum, a sense of wonder and curiosity aimed at developing the social, emotional, physical, intellectual, and spiritual aspects of the whole child.
